

NilyNils-Show – The unicycle Show

→ Short description:

Comedy and entertainment meets artistic and juggling.

The show is composed of a variety of different short juggling and comedy routines that lead up to the gran finale on top of a three-meter high unicycle.

→ Duration:

15-60 minutes, adjustable to suit your event.

On request it is possible to divide the show into 2 to 4 smaller acts of 3 to 15 minutes.

→ Required space:

The minimum space required for the show is 5x5x5 meter for the highest version of the unicycle (3 meter).

To adapt to smaller places, shorter versions of the unicycle are available.

The show can be performed indoors or outdoors, on stage on the street or any other location with a relatively flat surface (cobblestones are also mostly Ok).

→ Technic:

Sound system -big enough for the expected audience- to play music and use a wireless headset.

All necessary technical requirements can be provided by the artist (including **sound system, headset** and if necessary **lights** and a set up for a **stage back drop curtain**).

→ Language:

The show can be performed in English, German, Spanish, Italian and French and has also been performed in many other languages using English combined with some essential words and phrases of the local language (such as Arabic, Croatian etc....)

→ Others:

The show can be perfectly combined with the Glow-Show or the Laser-Glow-Show
